United Fresh LIVE! is a response to an unprecedented challenge to our industry and our world. While citizens of the world are sheltering in place and avoiding physical connections, our industry must go on to feed the world. We need a place to come together to share experiences, to learn new ways of doing business, and explore the innovations that will drive our industry to future success. United Fresh LIVE! delivers the opportunity to meet those challenges.

- A community platform to share lessons learned and plans for the future
- A live and on-demand education platform for produce teams around the world
- A trade show just like a real expo hall to see innovations and make connections to grow sales and profitability
- A chance to focus on our heroes on the front line growing, harvesting, packing, delivering, and serving consumers with our wonderful bounty of fresh produce

And, United Fresh LIVE! is FREE! Just register and you'll be able to go online 24-7 to access everything you've come to expect from a United Fresh Convention & Expo, starting June 15, 2020.
